**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I love Sonic. My whole adult life, I have paid exorbitant fees, dealt with deplorable customer service, and had no other option than * either* AT&T or Comcast to turn to, all for the benefits of having the slowest and poorest quality of internet service IN THE WORLD.

Now that competition (an American, Capitalist ideal) is cutting into these oligopolies are feeling the pinch, they want to change the laws to block out their superiors instead of improving the quality of product and service, as the theories of capitalism suggest improve, or die.

Please send AT&T and Comcast the message that consumers matter, competition matters, the laws of economics matter. Help America be on par with the rest of the globe's First World Nations!
